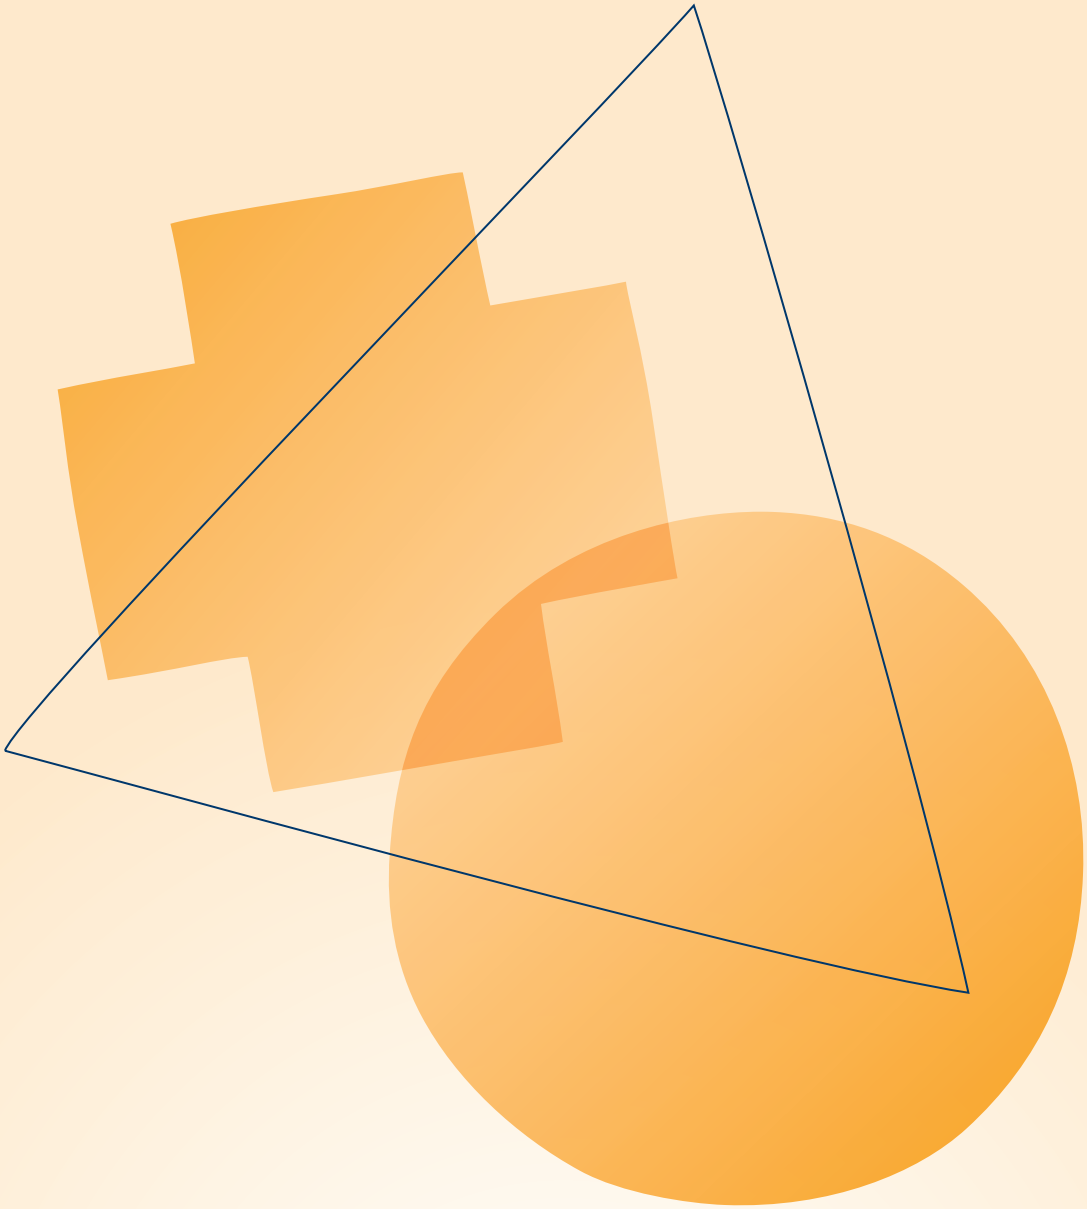
VP Bank Ltd · Valid from 1 July 2026

Services and fees for **private banking**



General information: The list of fees and charges is not exhaustive. Since the charges applicable for a securities transaction (and especially third-party charges) are not always precisely known in advance, the bank estimates them based on values derived from experience. The costs actually charged may therefore vary from the amounts indicated in this brochure. All information refers to the situation as at the publication date. These conditions are subject to change at any time. As a general rule, third-party charges and any taxes are passed on to the client in all transactions. All prices indicated are exclusive of VAT. No account is taken here of any special conditions agreed in individual cases. Please contact your client advisor on this matter. In addition, the General Terms and Conditions of VP Bank apply.

Payment services

Charge options for foreign payments and payments in foreign currencies:

Sharing of charges (SHA): As the originator of the transaction, you pay VP Bank's charges. The beneficiary bears all third-party charges (including those of their bank), which are deducted from the amount transferred. In the absence of any instruction to the contrary, this option will be applied. Only the expense option "SHA" (shared costs) is permitted for SEPA payments.

Charges borne by the originator (OUR): You pay all charges. This means that, in addition to VP Bank's own charges, you will also be liable for a fixed third-party charge covering all third-party charges billed to us.

Charges borne by the beneficiary (BEN): The beneficiary bears the payment charges. Any additional payment services (e.g. express, order confirmation) are borne by the sender.

VP Bank's focus markets are Liechtenstein, Switzerland, Luxembourg, Singapore, British Virgin Islands, Germany, Denmark, Estonia, Latvia, Lithuania, Norway, Austria, Portugal, Sweden, Spain, Ukraine, Cyprus, China, Hong Kong, Indonesia, Malaysia, Taiwan, Thailand, United Arab Emirates.

Charging of investment fees

All fees are calculated at tiered rates, i.e. the rate shown applies to the total amount of assets or the total transaction value.

The periodic fees are calculated on the average value of the assets during the calculation period and are charged quarterly.

All assets are taken into account when calculating the average assets in the portfolio, regardless of their asset classes and under the inclusion of account balances (e.g. securities, physical positions, money market investments and current accounts).

The absolute value of an individual position is added up; these are not offset against each other, for example, with short positions or forward contracts.

VP Bank shares/bonds, medium-term notes, savings accounts and vested benefits assets are excluded from fee calculations.

Extraordinary clarifications

We reserve the right to levy a surcharge or supplemental fee of CHF 250 per hour for extraordinary expenses and costs (e.g. for information, copies, confirmations, break-down for tax purposes, safe deposit box openings by an authorised representative, physical collection of coupons and security redemptions, compliance clarifications, debt collection, administrative and legal assistance proceed-ings, opening of business relationships with increased expenditure). Your client advisor will be pleased to provide further information.
