VP Business Basic

The VP Business Basic package is suitable for client services on a smaller scale. This package is ideal for you if you tend to only record a limited number of bookings and transactions per quarter.

VP Business Premium

The VP Business Premium package offers a comprehensive range of client services. Its key distinguishing features include advantages such as the VP Bank Debit Mastercard and an unlimited number of bookings.

For services and products not included in the account packages, the prices and conditions set out in the "Services and fees for basic products" brochure apply.
